TO WHOMSOEVER IT MAY CONCERN

I am writing this recommendation letter in support of **Student name** a student of undergraduate program (specializing in Dietetics) in the Department of Foods & Nutrition, Faculty of Family & Community Sciences, The M. S. University of Baroda, Vadodara, Gujarat State, India.

I have known Ms Meghana Patel in my capacity as her Professor for over two years. I taught her the course Human Nutrition, a 3 Credits subject and she scored a "C" grade. Through my observation, I would like to say that she is a motivated and enthusiastic student. She has a good academic record and strives to give her best at all times.

Meghana has good communication skills and amiable nature. She gets along well with her peers and is a team player. She is equipped with the right level of self-confidence and maturity to perform many challenging tasks that she undertakes. She also shows a great deal of interest in expanding her knowledge by close interaction with her faculty and active involvement in various extracurricular and departmental activities.

With all these positive attributes, I am sure that Ms. Meghana Vipinbhai Patel will prove herself a worthy candidate for master program and hence I strongly recommend her for admission in your university.

S Chandorkar

Dr. Suneeta S. Chandorkar
Ph.D. Foods & Nutrition
Assistant Professor (Grade3)
Coordinator, Foods Science and Quality Control Program
Coordinator, General Level Program
Assistant Director, B.Sc. Honors Program
